Ok. I'll introduce the survey on the call. I'll include cases impacted by projects on the 12/5/2017 list you just sent and Once in, Always in.

We also need to put together a list of cases that the regions believe will be negatively impacted by the Once in Always in policy reversal. Patrick asked for this last week but it did not filter down to me until today.

I believe this issue is teed up for the enforcement call that Sabrina hosts. Let's ask the regions to send up their cases and why the OIAI reversal impacts them. Thanks.
